

We are happy to publicise your business, but please find below our 'standard terms':

To advertise on the website, you just need to send a brief description of your business and the key information about how people can contact you. Eg. Name, Telephone/Mobile, Address/location, email, website/facebook etc. We will then create a basic contact webpage for you that people can access via the business page and other appropriate page links.

When your listing is ready for you to review the information we will send you an email asking you to let us know whether any additions or amendments are required.

We run the site for the benefit of the community and not for profit, so all we ask in return is a donation toward its running costs at <http://www.bleadon.org.uk/paypal.html>. If you are happy to give a donation then we will also add additional information, photos, logos etc. to your contact page, just send it to us again via email and we can embellish the page accordingly. We will also highlight and feature your business with a small picture advert on the business page in recognition of your kind support.

Also, from time to time we can also mention you to BOB followers via Facebook, Twitter, Instagram. If you have a particular time of the year you would prefer us to do this then just let us know and we will try to accommodate your wishes depending on time, space, other events, etc.

So if you would like to advertise, here is a link to our <http://www.bleadon.org.uk/paypal.html> PayPal page for donations. On receipt of your donation we will create a contact page with your advert and link on <http://www.bleadon.org.uk/business.html> and <http://www.bleadon.org.uk/news.html> pages.

Kind regards,

Chris and Jo
