

We are delivering on the 10 Point Plan, having already generated 68,000 green jobs and £22 billion in private investment, so now we are raising our ambition.

10 Point Plan	Delivery highlights so far
 Advancing offshore wind	<ul style="list-style-type: none"> • Over £1.6 billion invested, securing 3,600 jobs • 11GW already generated, and another 12GW in the pipeline • Up to £320 million in government support for fixed bottom and floating wind ports and infrastructure • Additional government support for other low-cost renewables technologies
 Driving the growth of low carbon hydrogen	<ul style="list-style-type: none"> • £7.5 million awarded to ITM's Gigastack Project, an early mover in the market, with potential to support up to 2,000 jobs over time • Preparing to allocate up to £100 million of revenue support to initial electrolytic projects • Launching £240 million Net Zero Hydrogen Fund later in April • Developed indicative Heads of Terms for hydrogen business model contract
 Delivering new and advanced nuclear power	<ul style="list-style-type: none"> • Committed to provide up to £1.7 billion of direct government funding to enable one nuclear project to FID this Parliament • Investing £100 million into Sizewell C to help develop this project • Investing £210 million to develop Small Modular Reactors with Rolls Royce • Announced a £120 million Future Nuclear Enabling Fund to progress new nuclear
 Accelerating the shift to Zero Emission Vehicles	<ul style="list-style-type: none"> • £4 billion of investment has flowed into the UK zero emission vehicle sector • Building two new gigafactories, in Sunderland and Blyth • 30,425 public charge-points in the UK with 100 new rapid chargers were added to the UK network every month during 2021
 Green public transport, cycling and walking	<ul style="list-style-type: none"> • 1,678 zero emission buses funded • Launched Active Travel England, increased cycling by 75%
 Jet zero and green ships	<ul style="list-style-type: none"> • Consulted on introduction of a UK Sustainable Aviation Fuel (SAF) mandate, requiring jet fuel suppliers to blend an increasing proportion of SAF into aviation fuel from 2025 • Allocated £23 million as part of the Clean Maritime Demonstration Competition

10 Point Plan	Delivery highlights so far
 <p>Greener buildings</p>	<ul style="list-style-type: none"> • Cut VAT for insulation and heat pumps • 46% of English homes at EPC C or above, up from 9% in 2008, and 2,300 social housing homes in the process of being improved • Over 60,000 heat pumps installations estimated by industry, now offering households grants of £5,000 towards an air source heat pump so they are cost competitive compared to a gas boiler
 <p>Investing in CCUS</p>	<ul style="list-style-type: none"> • Committed £1 billion in public investment to decarbonise our industrial clusters • Announced the first 2 clusters in Teesside, the Humber and Merseyside • Launched phase 2 of the Industrial Energy Transformation Fund, allocating £60 million to decarbonisation technologies, with a further £100 million delivered in May and October this year
 <p>Protecting our natural environment</p>	<ul style="list-style-type: none"> • Additional £124 million provided at Spending Review 2021 to the Nature for Climate Fund to support tree planting and peat restoration, going beyond 2019 Manifesto Commitment of £640 million • 13,290 hectares of trees planted across the UK in 2020/21 • Launched three new Community Forests, in Cumbria, Devon and the North-East • £5.2 billion invested in six year programme of flood defences
 <p>Green finance and innovation</p>	<ul style="list-style-type: none"> • £615 million allocated from Net Zero Innovation Portfolio allocated • Set the JET world record, with 59 megajoules of heat energy in a single fusion 'shot' that lasted 5 seconds
