**“Virus Mania is a social disease of our highly developed society. To cure it will require conquering fear, fear being the most deadly contagious virus, most efficiently transmitted by the media.”**

Take action

We are told by the media, politicians and corporations that things will never be the same but they have no right to tell us how we live our lives. *Do not sit back and let others decide your future.* Here are some ways you can take action now.

	<p>Inform yourself about the issues. Find out for yourself what <a href="#">the evidence</a> is telling us and <a href="#">what's at stake</a>.</p>
	<p>The <a href="#">medical experts</a> we have reviewed tell us that if you are healthy, there is no medical reason for you to remain locked in your home. Go out and take exercise. Do not be afraid to go to the shops and meet other people. Do not be afraid to visit the doctor if you need medical attention. Get on with your life.</p> <p>It has become clear that the government did not have a credible exit plan when they started the lockdowns so make your own.</p>
	<p>Now is not the time to stay silent. Speak out while you still can. Discuss <a href="#">where the country is heading</a> with your relatives, friends, neighbours. Speak out both online and offline but remember, real change happens in the real world, not the virtual world.</p> <p><a href="#">Download leaflets</a> you can use to spread the word in your local community.</p>
	<p>Our local communities and small businesses have been systematically destroyed over the past few decades. The new COVID-19 measures will make us completely dependent on large corporations and centralised government. It's time for us to rebuild our real-life support networks and communities.</p> <p>If you do not know anyone near you, try reaching out through online forums such as:</p> <ul style="list-style-type: none"> <li>• <a href="#">UK Column Community Forums &lt; https://www.ukcolumn.org/community/forums/&gt;</a></li> </ul>

	<ul style="list-style-type: none"><li>• <a href="https://freedomcells.org/">The Freedom Cell Network &lt; https://freedomcells.org/&gt;</a></li><li>• <a href="https://freedomcells.org/cells/london-uk/">Freedom Cell &lt; https://freedomcells.org/cells/london-uk/&gt;</a> for London, South East and East England.</li></ul> <p>Collaborate with others in your local area to find ways of meeting the <a href="#">challenges ahead</a>. When possible, prefer neighbourhood business and independent shops over corporate chains.</p> <p>Lockdown Skeptics has an <a href="#">Open for Business Directory</a> where you can search for local businesses in retail and hospitality that have reopened in your area.</p>
	<p><a href="https://www.theyworkforyou.com/mps/">Find your local MP &lt; https://www.theyworkforyou.com/mps/&gt;</a> and <a href="https://www.writetothem.com/">write to them &lt; https://www.writetothem.com/&gt;</a> to make your views known. Convince all your contacts to do the same. It is worth doing this even if you do not believe in the democratic process. Representatives may ignore individual letters but they they will need to pay attention to a flood.</p> <p><a href="https://twitter.com/WeWillBeFree82">@WeWillBeFree82 &lt; https://twitter.com/WeWillBeFree82&gt;</a> on Twitter has kindly provided a letter template that you can download and adjust to your needs:</p> <ul style="list-style-type: none"><li>• <a href="#">Covid-19 MP letter template</a> – MS Word for posting</li><li>• <a href="#">Covid-19 MP letter template</a> – Plain text for sending by email</li></ul>
	<p>Join petitions and action campaigns. You can find a <a href="#">list of campaigns</a> we know about below.</p>

## News sources

The mainstream media in the UK has failed in its duty as the people's watchdog. Rather than allowing the robust discussion needed in a time of crisis, it has chosen close down any dissent. Their coverage on COVID-19 has demonstrated clearly that they no longer deserve your attention.

Visit the following sources for updates and news about COVID-19. They have proven themselves with excellent investigative journalism, unafraid to buck safe conformity

that has infected the globe.
