

Have your say

[Medical experts < https://evidencenotfear.com/tag/medical-experts/>](https://evidencenotfear.com/tag/medical-experts/) around the world have started speaking out about the public and political overreaction to COVID-19. In Britain, [Peter Hitchens < https://evidencenotfear.com/tag/peter-hitchens/>](https://evidencenotfear.com/tag/peter-hitchens/), [Lord Sumption < https://evidencenotfear.com/tag/lord-sumption/>](https://evidencenotfear.com/tag/lord-sumption/) and [Dr. John Lee < https://evidencenotfear.com/tag/dr-john-lee/>](https://evidencenotfear.com/tag/dr-john-lee/), a professor of pathology and former NHS consultant pathologist, have joined their voices.

Wide-scale and unprecedented changes to our lives, our society and indeed our civilization cannot slip through without robust public debate. This space is provided for readers to share opinions, experiences and research that may be of value to others.

Remember: *This is a public discussion and we do [minimal moderation](#). Exercise discernment so you are not deceived. Think critically and do your own research.*
