**IT IS IMPORTANT THAT YOU SHOULD READ THE NOTES ACCOMPANYING THIS NOTICE**

## NOTES RELATING TO A DECISION TO GRANT PLANNING PERMISSION

These notes are intended as helpful advice. PLEASE READ THEM CAREFULLY. Make sure everyone has a copy that needs it, including your builder or contractor.

---

### Scope of this decision notice

This decision notice grants planning permission only. It should not be taken to imply that the scheme meets the requirements of any other agency that may be involved. Please make sure that you have obtained all the approvals you need before starting work. If you are in any doubt you should obtain professional advice.

### Building Regulations

Before you start construction work you need to obtain separate approval under Building Regulations. You can contact the team on 01275 884550 or submit your application on our [website](#).

### Protected species

The Wildlife and Countryside Act 1981 (as amended) makes it an offence to intentionally or recklessly disturb a protected species while it is occupying a place which it uses for shelter or protection. This includes, for example, bats or birds in roof spaces or cavities. Obtaining planning permission does not grant permission to disturb protected species. Licences can, however, be issued to allow construction works that would otherwise be prohibited. Applications for licences should be made to Natural England before any construction works commence on site.

### Prepare for floods

If the scheme to which this approval relates is at risk of flooding you should prepare a flood plan to help keep people safe and protect your property. You can find out if your property is at risk of flooding and how to prepare a flood plan on the [Government's website](#). You should also sign up for [flood warnings](#).

### Works which affect a Public Highway

Any works/events carried out by or for a developer which affects the public highway in any way must be co-ordinated in accordance with the New Roads and Street Works Act 1991 and the Traffic management Act 2004 to minimize disruption to users. Developers are required to inform undertakers of their proposed works, to jointly identify any affected apparatus, and to agree diversion or protection measures and corresponding payment.

Developers are also required to liaise/seek permission of North Somerset Council's Street Works Section (01934 888802 or [streetworks@n-somerset.gov.uk](mailto:streetworks@n-somerset.gov.uk)) at least one month in advance of the works and this must be in line with the requirements of the NRSWA 1991 and TMA 2004. The developer must endeavor to ensure that undertaker connections/supplies are coordinated to take place whenever possible at the same times using the same traffic management. It should be noted that where road closures or formal restrictions are required to undertake works, a minimum of three months' notice will be required.

### Public Rights of Way

The grant of planning permission does not entitle developers to interfere or obstruct any public right of way (PROW). The obstruction of a PROW is an offence. If required an application can be made to North Somerset Council to divert the PROW and should be made well ahead of any development.

It is also an offence to drive a mechanically propelled vehicle without lawful authority on any PROW. The grant of planning permission should not be treated as a grant of lawful authority. Please contact the PROW Team for further advice on 01934 888802.

**Changes to Plans**

Should you wish to change your plans for any reason, including the need to meet the requirements of other legislation (for example Building Regulations) it is important that you notify us (i.e. 'the planners') before carrying on with work. Amendments to your approved plans may require a fresh application and could even prove to be unacceptable. Details of how to seek formal approval of amendments to a planning approval can be found on our [website](#) or by visiting the planning portal.

**Enforcement**

The council has powers to enforce compliance with planning permission and there are penalties for failure to comply. In cases where terms and conditions of planning permission are not adhered to and the Council finds it necessary to take enforcement action, it almost invariably results in delay and additional expense to the applicant. In extreme cases, it can mean that newly erected buildings have to be demolished.

If the applicant was the Local Authority and the application was made under regulation 3 of the Town and Country Planning General Regulations 1992 (as amended) then this permission enures only for the benefit of the Local Authority and such other person as was specified in the application.

**Street Naming**

When you receive consent for the building of new a development(s)/property or creating additional flats/units within an existing dwelling, for reasons of public safety and for the allocation of an official postal address, please contact the Street Naming and Property Numbering Section, Town Hall, Weston-super-Mare, BS23 1UJ; Tel: 01275 888761; email: [strnames@n-somerset.gov.uk](mailto:strnames@n-somerset.gov.uk). Learn more on our [website](#).

**Access to further information**
