Your guide to council tax

This leaflet provides information about the budgets for local public services for the year ahead and explains your council tax bill.

After more than a decade of austerity measures, coupled with the impact of the current pandemic, your council continues to deliver, develop and improve services for local people.

Similar to many other councils, North Somerset will be increasing council tax by 1.99% for the year ahead and an additional 3% levy has been added specifically for adult social care. An average Band D household will pay £1,505.03 for council services – about £28.94 a week.

The council budget includes an additional commitment of £4.6m for adult social care. This is to address cost inflation and estimated increases in demand, both for older and younger adults and those transitioning from children's services.

The coming year will also see increased investment in local community infrastructure, business, tourism and cultural recovery, the climate emergency, active travel and improving outcomes for vulnerable adults and children.

Like everywhere, the pandemic has changed things locally, bringing new

social, health, environmental and economic challenges to address. The budget protects the services that will help our communities to recover and thrive while also investing in tangible projects that will bring quality to people's lives and make North Somerset a better place to live – both now and in the future.

What is council tax?

It's a local property tax levied by councils, to be used alongside reducing central government funding and other funding to pay for the local services they provide.

Who decides how much I have to pay?

Council tax is based on property value. Every property is put into a banding and charged accordingly after certain other factors are taken into account.

If you think your house is in an incorrect council tax band, you can appeal:
www.gov.uk/council-tax-appeals or call: **03000 501 501**

How can I pay?

Almost 75% of households in North Somerset pay their council tax by direct debit meaning they never put themselves in danger of missing a payment. Set up a direct debit and join the crowd today.

Council tax and housing benefits have gone digital

The council tax and benefit service is an online service. To access these services you must register and create an account. Registration is quick, easy and secure and will allow you to apply for benefits, discounts and exemptions. You can also let us know about a change of circumstances or a change of address, set up a direct debit or just view your account balance.

Going digital means we can process many of your requests earlier and provided any additional documents are submitted with your application, you may receive your benefit earlier. For those customers who may have difficulty getting online or have additional needs, support is available. Please contact us on **01934 888 144** and one of our customer service advisers will assist you.

What does your council tax pay for?

North Somerset Council provides a wide range of services including education, planning, transport, highways, social care, public health, libraries, leisure and recreation, recycling and waste collection, environmental health and trading standards among many others. The money you pay also funds the police and fire and rescue service, as well as supporting work in your local parish or town.

Parish and town councils raise their money primarily from a levy called a precept. We collect the precept on behalf of town and parish councils and pass it on to them.

The table below shows how the money spent relates to the average council tax bill.

Council tax support

If you are on a low income and currently pay council tax, you may be eligible for council tax support even if you receive other benefits or council tax discounts.

Please visit our website to register for MyAccount and make your application online. If you are unable to get online or have additional needs please contact us on **01934 888 144** and one of our customer service advisers will assist you.

You can also visit any of our libraries and use one of the public access computers to make your application.

If you receive council tax support an amount will be taken off the total council tax you owe for the year and this is shown on the front of your bill.

What to do if your circumstances change

If your circumstances change you must tell us as soon as the changes happen. It is an offence not to tell us about any change in your circumstances that affects your support and could result in a fine of £70 or prosecution. Don't rely on someone else to pass the message on. Examples of changes in circumstances are:

- you move home
- your rent changes
- any changes to the income or circumstances of anyone who lives with you
- someone moves into or out of your home
- you're going to be away from your home for more than four weeks.

If the change in your income affects your entitlement to council tax support a revised bill will be issued.

You can request a written statement of your entitlement, within one month of the decision being made, by contacting the council. If you want to appeal, this should be in writing within two months of the decision, to the council, who will review the decision. If you remain dissatisfied

a further appeal can be made to the Valuation Tribunal. Details of how you can appeal can be found at www.n-somerset.gov.uk/counciltaxsupport

You can also reduce the amount you pay each month by extending your payments into March.

Long-term empty properties

Since 2013/2014 local authorities have had the discretion to charge a premium for properties that are classed as long-term empty. Until 2020/21, we were one of a small number of councils that chose not to charge a premium.

However, in light of increased budgetary pressure and the need to bring empty properties back in to use, it was necessary to review this decision.

From 1 April 2020, we introduced a premium for any property that has been classed as empty for more

than two years. The amount of the premium payable is as follows:

Properties that have been empty for over two years will be charged a premium of 100%. Properties that have been empty for over five years will be charged a premium of 200%.

From 1 April 2021 the premium for properties that have been empty for over ten years will increase to 300%. For example, if you were paying £1,000 per year currently, you will be paying £4,000 from 1 April 2021.

POLICE & CRIME

YOUR POLICING POUNDS

Sue Mountstevens

“ I know that any increase in bills is felt by households and, after this extraordinary year, this rise is an even bigger ask. The decision to raise the policing part of the council tax by 5.88% (£13.39 a year for Band D households) has not been taken lightly.

With the Home Office having frozen the policing grant for 2021/22 and requiring PCCs to increase the policing part of the council tax in order to keep pace with inflation in the budget as a whole, I have the unenviable job of deciding how we balance the threat from criminality and the safety of residents. In order to improve visibility and results, we need to have resources. I'm committed to working closely with the Chief Constable to keep our communities safe and work towards our vision of excellent victim services, better policing, and fairer criminal justice services for all."

Adult social care precept

The Secretary of State for Communities and Local Government previously made an offer to councils with responsibilities for adult social care.

The offer was the option of an adult social care authority being able to charge an additional “precept” on its council tax without holding a referendum, to assist the authority in meeting its expenditure on adult social care from the financial year 2016/17. It was originally made in respect of the financial years up to and including 2019/20. If the Secretary of State chooses to renew

this offer in respect of a particular financial year, this is subject to the approval of the House of Commons.

In relation to 2021/22 the Secretary of State renewed this offer to adult social care authorities subject to a limit of 3%.

For councils with responsibilities for adult social care, council tax demand notices show two percentage changes: one for the part of the overall change attributable to the adult social care precept, and one for the part attributable to general expenditure.
