Policy paper

Regulation for the Fourth Industrial Revolution

This white paper sets out plans to transform the UK's regulatory system to support innovation while protecting citizens and the environment.

From:

[Department for Business and Trade \(/government/organisations/department-for-business-and-trade\)](/government/organisations/department-for-business-and-trade) and [Department for Business, Energy & Industrial Strategy \(/government/organisations/department-for-business-energy-and-industrial-strategy\)](/government/organisations/department-for-business-energy-and-industrial-strategy)

Details

The measures include:

- a new Regulatory Horizon Council to advise government on rules and regulations that may need to change to keep pace with technology
- a digital Regulation Navigator to help businesses find their way through the regulatory landscape and bring their ideas to market
- a review of the Regulators' Pioneer Fund, which backs projects that are testing new technology in partnership with the regulators in a safe but innovative environment
- a partnership with the World Economic Forum to shape global rules on innovative products and services
