Today we revisit Mark's keynote speech before a packed crowd at the Heartland Institute's 10th International Conference on Climate Change in 2015. As we appear to (finally!) near an actual trial in Mann vs Steyn, it is a good time for a refresher on the case for longtime readers and a primer for those new to SteynOnline. This rollicking speech fits the bill.

While waiting for the DC Courts to get on with it, Mark has published a collection of thoughts from scientists around the world

on Dr Mann's notorious "hockey stick" - "*A Disgrace To The Profession' The World's Scientists, In Their Own Words, On Michael E Mann, His Hockey Stick And Their Damage to Science*" - available at the [Steyn Store](#), [Amazon](#) and [Kindle](#).
