Data dashboards

Dashboards help us visualise our work

Coronavirus in your area

This dashboard shows the number of reported coronavirus (COVID-19) cases in the area you select, as well as the number of people who have had their symptoms assessed over the phone by NHS 111, where coronavirus was suspected.

Progression dashboard

This data shows NHS Pathways coronavirus (COVID-19) triage data and coronavirus cases across England from the number of people with coronavirus identified through an NHS lab (Pillar 1) or from commercial swab testing (Pillar 2) of testing.

Coronavirus Shielded Patient List open data set, England

This data shows open data about the shielded patient list, and how it has been used.

NHS Pathways coronavirus triages

See the latest data on the use and outcome from NHS Pathways and NHS 111 online coronavirus sessions.

Coronavirus vaccine studies volunteers dashboard

This dashboard shows the detail of people who have volunteered to take part in coronavirus vaccine trials across the country.

NHS e-Referral Service (e-RS) open data dashboard

A summary of the information for anonymous NHS e-Referral Service (e-RS) data for referrals, bookings and appointment slot issues (ASIs) by specialty at Clinical Commissioning Group (CCG) level.

Activity in NHS hospitals

This data shows information about admitted patients and outpatient appointments in English NHS Hospitals and English NHS commissioned activity in the independent sector.

GOV.UK Coronavirus (COVID-19) in the UK

See daily updates on the official UK Government website for data and insights on Coronavirus (COVID-19).

Cervical screening

This data shows information about the NHS Cervical Screening programme in England in 2019-2020.

Maternity Services dashboard

The maternity services dashboard aims to bring together maternity information from a range of different sources.
