# List of accredited researchers and research projects under the Research Strand of the Digital Economy Act

Digital Economy Act (DEA) researchers are individuals to whom de-identified data is made available for research. DEA research projects are projects that have been approved by the Research Accreditation Panel.

The table below presents a list of accredited research projects and the accredited researchers who are associated with each research project. This is correct as of 19 April 2021.

## Documents for Download

The Office for National Statistics Secure Research Service supplies the UK Statistics Authority with a register of Accredited Researchers. The first register includes researchers accredited under the Digital Economy Act. The second register includes those accredited researchers that are currently accessing data under the Digital Economy Act. This document is updated on a monthly basis and is correct as of 25 March 2021.
