

# Renewable Search Areas

Local Plan Mapping and Local Plan Consultation

Page 49 of the consultation states, "Proposals for wind turbines and solar photovoltaic arrays will be supported in principle within the Search Areas shown ... and the proposed site is not within (land) grades 1, 2 or 3a"

# NSC Local Plan & Food Security

Local Plan Mapping and Local Plan Consultation

**Page 45** of the consultation states: "**Protect spaces for local food production**, including allotments, community orchards, community gardens and identify opportunities for community composting ... A demonstration of adaptation measures, which improve the resilience of communities, reduce inequality, and bring a range of social benefits is required...Climate change adaptation statements will set out the measures to increase the resilience of that development to climate change. Changes will include... reduced soil condition with consequential impacts on food production"

**Page 74** of the consultation states: "The National Planning Policy Guidance (NPPG) states that **GI [Green Infrastructure] is a natural capital asset providing multiple benefits including ... food ... production**, urban cooling ... (Natural environment section paragraph 005)."

**Page 93** "Provides **internal and external communal space** as appropriate, including space that **gives residents the ability to grow plants and food**."

**BUT Page 101** of the consultation states: "Farmers are encouraged to diversify their activities and supplement their income from **enterprises other than normal food production**" – what does this mean?
