LSTF 2 2015/2016

Following the recent successful funding announcement LSTF2 in North Somerset will be based around 3 key themes to support growth in employment, local communities and schools;

- Connecting Employment
- New Communities
- Access to Education & Training

North Somerset has identified 3 priority geographical areas; Weston-super-Mare town centre, Junction 21 Enterprise Area and 'unlocking our key centres' typically Clevedon, Portishead and Nailsea. Within Weston-super-mare there are a further 3 'priority neighbourhoods' which we plan on working with due to issues of deprivation and improvements required in transport provision and information:

- South Ward
- North Worle
- Weston Town Centre

Keep up to date by logging onto: <http://www.travelwest.info/lstf>

Cycle Maps

We are planning to revise and publish a new cycle map during 2014, if you know of any amendments please inform us at the mailbox below; sustainable.travel@n-somerset.gov.uk

Copies of the current 2012 map are available from North Somerset Council Sustainable Travel and Road Safety team or can be downloaded at www.betterbybike.info/cycle-maps

The West of England GIS cycle mapping project is currently being progressed by Bristol, South Gloucestershire and Bath North East Somerset Councils. North Somerset is also eager to progress this work and is looking for someone to maintain cyclist interest on this group. www.betterbybike.info/

Maintenance

If you see somewhere on the network which requires attention, repair or maintenance please use the North Somerset Council website "Report it"; [file://http://www.n-somerset.gov.uk/webselfservice/forms/Services/HighwayMaintenanceService/HighwayMaintenanceForm.aspx](http://www.n-somerset.gov.uk/webselfservice/forms/Services/HighwayMaintenanceService/HighwayMaintenanceForm.aspx)
